DEXTER BROWN)

JOINT STATUS MEMORANDUM

Pursuant to Local Rule 116.5(A), the parties hereby submit this Joint Status Memorandum to advise the Court of the following:

1. Disclosure of automatic discovery has not yet occurred.¹ With the assent of undersigned counsel, the government has agreed to provide the defendant with automatic discovery on or before August 11, 2004.
2. An Initial Status Conference was set by the Court for August 5, 2004, however, due to undersigned defense counsel's unavailability on that date,² said conference had to be rescheduled.
3. Because disclosure of automatic discovery has not yet occurred, the parties do not believe that an Initial Status Conference is necessary at this time, and request that said conference be rescheduled for sometime in early September.
4. The parties also request that the period between July 8, 2004 (date of arraignment) and the date of the next scheduled Status Conference be excluded under the Speedy Trial Act.

Respectfully submitted,

MICHAEL J. SULLIVAN
United States Attorney

DEXTER BROWN,
Defendant

¹The date for disclosure of Government's Automatic Discovery was August 5, 2004.

²Counsel for the defendant was before the Suffolk Superior Court handling a suppression hearing in an unrelated matter that went longer than expected.
